

# I LOVE TO READ

# MONTH

There will be a healthy competition at STRIDE Academy during the month of February. We are challenging students during SSR time (Silent Sustained Reading) to build their stamina. As a school there will be a thermometer with five goals to achieve.

Students will also be challenged with individual goals in their reading classes. If students achieve their individual goal they will receive a ticket in a drawing for a book of their choice.

Finally there is a door contest that students will complete by homeroom. There will be incentives for pizza, extra recess, and free homework pass.

A dress-up flyer will come out shortly for two dress-up days.
