Discussion: In this meeting, we talked through the Academic Priorities as set out in our Charter contract with Friends of Education. We identified that all benchmarks that were set for September have been met (example: ensuring at least 95% of students have taken the Fall MAP test). Also, it was decided that our committee will also be the World's Best Workforce Advisory Committee. Because of this, we will host the World's Best Workforce community presentation at our next meeting. Lastly, we talked about school climate, student behavior, and student preparation for school and for learning.

Adjourn Time: 4:16pm
