

Stride Family Night

February 21, 2019

Stride is hosting a family night on February 21, 2019 from 5:30-7:00. Free pizza, water, and cookies will be served from 5:30-6:00. You can expect booths with information about Skyward, apps and programs we use at school, subject areas, and more. We will have a representative from each grade level and from specialists to help you discover more about what your child or children are learning at school. We are excited about this opportunity to connect with families and share insights about our grade levels and subject areas.

In addition to booths of activities and information and dinner, we will have childcare available for pre-K children who are toilet trained provided by Kidstop free of charge. Each family attending will also receive a free book to take home!

Please return the bottom portion of this form to school by **Friday, February 15th** with your child to help us ensure we order enough pizza. We are looking forward to seeing you!

Please return by February 15th
